

INTERNATIONAL DAY AT BROMSGROVE EARLY YEARS SCHOOL
Friday, 19th March 2010 from 1-3pm

As an International School with an International outlook we enjoy learning about other cultures and celebrations. During International Week each class focuses on one particular country - learning about its people, customs, location, size and history. Each class visits the other countries to learn as much as they can about its food, culture and costumes. At the end of International Week the children and Parents are invited to bring their passports and visit each country. In each country you pass through passport control, receiving your stamp once you have participated in the activity, (anything from making a flag to a question and answer sheet). Children are encouraged to share their knowledge of the countries with their parents as they take the International Tour.

Our Parent Teacher Association also takes part by providing international cuisine and information on other countries. It is a time for parents to meet and enjoy our Bromsgrove hospitality in a friendly and caring environment.

Come along and see the school in action on Friday 19th March at 1:00-3:00pm. Passports, snacks and information provided. National costumes welcome!
