

# High Scorers' Concert Thailand

## Welcome to today's ABRSM High Scorers' Concert

We are so pleased that you are here to celebrate with the musicians who are performing today. At ABRSM we look forward to these concerts every year and we hope that the performers, their friends, relations and teachers who make up the audience all come away with happy memories from this special event.

High Scorers' Concerts are particularly important as they give musicians the opportunity to share their achievements with a wider audience outside the exam room in a supportive and celebratory setting.

The first High Scorers' Concert were held in 1989 as part of ABRSM's centenary celebrations. As we enter our 125th year we now hold hundreds of concerts all over the world and are delighted to know that thousands of high scoring students have been able to take part and perform.

We hope that you enjoy today's concert!
