19 April 2021

Dear Parents and Guardians

RE: Three confirmed cases of COVID19 within our school community

I am writing to inform you that we have had three cases of confirmed COVID19 in our school community – one Early Years Campus teacher and two Primary School parents (within the same family).

Please rest assured that the teacher has not been onto either campus since Friday 2 April and they tested positive for COVID19 at the end of the Songkran holiday last week and are showing no signs of illness. The teacher had also only briefly been in close proximity with one other Bromsgrove teacher during the holiday and that person has subsequently tested negative for COVID19.

The two parents have also confirmed that they only showed symptoms of COVID19 at the end of last week when they tested positive and that they contracted the illness during the school holiday.

It is very important for me to stress that if you have any cases of COVID19 within your family that you inform the school immediately via the Early Years front office at eyfrontoffice@bromsgrove.ac.th or the SIC at WP Campus – adminSIC@bromsgrove.ac.th

Thank you for your attention of this important matter and please continue to stay safe and well during these challenging times.

Warmest Regards,

Dr. Dan Moore
Headmaster & CEO
