Dear Parents and Guardians

RE: VERY URGENT - Coronavirus (COVID-19) FURTHER additional updated policy and information

Since I wrote my HM letter this morning and sent out to parents this afternoon, we have now just received **final official notice** from ISAT and the Thai government regarding the advice about COVID-19 for those students returning from **Japan, Singapore, Hong Kong, Taiwan, South Korea or Vietnam**. When we sent out the first update this morning, **we had not received any official advice**.

The updated government advice states that if you or your children have visited any of the above countries for the half-term holiday, you should self-isolate for a period of **14 days from the day you arrived back in Thailand** and will not be allowed on campus.

We will be therefore implementing this policy for our students and staff with immediate effect – please **DO NOT** send your child to school for 14 days if you have been to one of these countries during half-term. For our boarding students affected by this policy, we will isolate them internally and the nurse will monitor their temperatures and health condition on an ongoing basis.

Please inform the school via email/telephone if your child has had to self-isolate for 14 days following this directive. Your class teachers will then be able to provide your child with work for them to complete at home during this self-isolation period. In addition to the above guidance, please closely monitor your/your child's daily physical health for a period of 14 days and if they show symptoms such as cough or fever and are concerned, please visit a hospital for further assessment by a medical practitioner.

Thank you for your attention of these important matter – my apologies for not being able to send you definitive government issued advice until now. The safety and well-being of all members of our community is paramount in these challenging times.
