17 March 2020

Dear Parents and Guardians

RE: School closure directive from the Ministry of Education & Implementation of Remote Online Home Learning

We have now received official confirmation from the Ministry of Education (MOE) that all international schools in Thailand will be closed as part of the government's COVID-19 preventative measures.

This closure will come into effect on Wednesday 18 March 2020. The MOE will review the school closure time frame after 14 days and I will then update parents on whether or not this period of closure will continue.

Please read the following items carefully so you are fully aware of how this closure will affect your child:

1. During the period of closure both the EY and WP campus will be open from 08:00 until 15:00.
2. During the period of closure, we are expecting all teachers and TAs to work in school as usual. This policy will be reviewed if the government directives change once the school closure is underway.
3. The Remote Online Home Learning guide for parents, relevant to your child's year group, is attached to this letter - please note there are different versions for EY, Primary, KS3 (Years 7-9), Year 10, Year 11 and Sixth Form (Years 12 & 13).
4. Please read the Remote Online Home Learning guides carefully with your child tonight so they are prepared to start the online home learning tomorrow on the first day of school closure.
5. If you or your child have any issues logging on to Google Classroom platform, please email your child's class teacher and TA (EY & Primary) or the Form Tutor (Secondary) in the first instance. Please do not email the SIC or front office staff. The teacher/TA will be able to help you and ask our IT team to support you further if needed.

6. Once the online home learning is underway, please do not hesitate to contact your child's form tutor, teacher (s), TA or Head of School if you require any specific support, in addition to that which is provided in the Remote Online Home Learning guidance for parents – we are here to help!
7. Please also look at the new Online Home Learning section of the website that will be in place from Thursday 19 March onward. In this section we will upload the parent guides and also add any useful tutorials for parents to watch to help you understand how the online home learning works.

The current ongoing COVID-19 situation has certainly been challenging for us all as school community and I would like to thank you all for your ongoing support and community spirit that has gone through during the past few weeks.

Please do stay safe and please follow the government directives and advice with regards to COVID-19 in order to protect your families.

Warmest regards

Dr. Dan Moore
Headmaster & CEO
